Subject: Outline for early May meetings
Draft Outline for Bristol Bay Watershed Assessment meetings.docx

Hi Jeff,

Here is a first shot at outlining what we discussed for early May. I would like to suggest we set the meetings for the second week of May. The primary reason is that the lead of the contractor team will be in Montana the first week. He has the most knowledge about all that they have been doing and he needs to understand the direction we go, so I think he needs to be with us. I know it pushes us back a week but the better foundation provided by his being there is important.

I get in at 9:00am AK time. I have a 9:30 staff meeting, but will answer your call if you phone (I attend the meeting from my desk).

Phil
